

**THE FRIENDLY  
WITCH**

Once upon a time, in a small village nestled in the woods, there lived a witch named Luna. Unlike most witches, Luna was known for her kind heart and helpful nature. She had a unique gift- the ability to brew healing potions and create magical remedies. This made her a welcome presence in the village, where most witches were feared and avoided.

Colorful flowers and lush greenery surrounded Luna's little cottage at the forest's edge. She spent her days brewing healing potions and creating magical remedies to help those in need. The villagers often came to her for advice and guidance, knowing that Luna always had a solution to their problems.

One day, a young girl named Lily, her eyes swollen with tears, came to Luna's cottage. She had lost her beloved cat, Whiskers, and her heart was shattered. Luna comforted Lily and promised to help her find her furry friend. She brewed a special potion and instructed Lily to drink it before bed that night.

The following day, Lily woke up to find Whiskers, safe and sound, curled up at the foot of her bed. She rushed to Luna's cottage to thank her for her magic. Luna smiled and told Lily that it was not her magic that had brought Whiskers back but her love for her cat.

From that day on, Luna became even more beloved in the village. People would come from far and wide to seek her help and advice. Luna always greeted them with a warm smile and a kind word, eager to assist however she could.

As the years passed, Luna's reputation as the friendly witch of the village only grew. She continued to use her magic for good, spreading kindness and love wherever she went. And though she could have lived a life of solitude in her cottage in the woods, Luna found true happiness in helping others and being a friend to all who needed her.
